

JOHN BROWN UNIVERSITY

“Christ Over All”

POSITION ANNOUNCEMENT MATHEMATICS

POSITION: John Brown University seeks a faculty member in Mathematics to teach a wide range of mathematics courses for majors and non-majors at the undergraduate level. Specific teaching assignments will depend on the interests and expertise of the applicant, as well as the needs of the Division of Natural and Health Sciences. In addition to teaching, responsibilities include but are not limited to advising, scholarship, and service on university committees. There may be opportunities to involve undergraduate students in research projects.

PROGRAM: The Department of Mathematics offers courses that provide a solid foundation in the mathematical sciences consistent with a Christian worldview. The curriculum is designed to provide the Mathematics and Mathematics Education majors with the knowledge and skills necessary to enter a career in teaching, insurance and finance, industry, or to continue into graduate school. The department also offers a core curriculum course in statistics and support courses for students majoring in Engineering, Chemistry, Biology, Business, Elementary Education, and pre-professional programs.

JOHN BROWN UNIVERSITY: John Brown University is an interdenominational, independent, evangelical Christian university founded in 1919. Accredited by The Higher Learning Commission of The North Central Association of Colleges and Schools, JBU is widely recognized for academic excellence and holistic Christian character development, including prestigious national awards. JBU mottoes “Christ Over All” and “Head, Heart, and Hand” bring focus to the JBU distinctive. The University has a strong tradition of excellence, one which contributes dynamically to the intellectual, spiritual, and professional effectiveness of its graduates. The financial position of the University is sound, with significant endowment and trust benefits. Including the degree completion and graduate programs, enrollment is approximately 2,200 with residential enrollment operating at capacity. The 200-acre campus is part of a beautiful community in the in the third fastest growing county in the US near the foothills of the Ozark Mountains. All employees must be in agreement with our Faculty Employment Objectives and Articles of Faith. Faculty members are expected to take an active role in the spiritual life on campus and the spiritual development of students.

QUALIFICATIONS: Doctorate in Mathematics or Mathematics Education preferred, masters required. Experience or interest in Mathematics Education, potential for effective teaching in higher education, evidence of scholarly potential, and a commitment to Christian higher education is essential. A passion for teaching and spiritual formation within the evangelical tradition is required. The candidate should be able to clearly articulate the integration of the Christian faith with science and mathematics.

SALARY: A competitive salary exists which will be commensurate with training and/or experience.

IMPORTANT DATES: Position begins August 1, 2012. Screening process begins immediately and continues until the position is filled.

TO APPLY: Submit electronically a letter of interest and vita to academicaffairs@jbu.edu, Attention: Dr. Ed Ericson III, Vice President, Academic Affairs, John Brown University, Siloam Springs, AR 72761. Phone: 479.524.7129. Women and minorities are encouraged to apply.
